SQUARE ON SQUARE HOT PAD

Finished size: 10½" × 10½"

Project **REQUIRES** Creative Grids Square on Square 8" Trim Tool #CGRJAW8

Required

- assorted fabrics for **patchwork**
- (2) 2½" × Width of Fabric for **binding**
- (1) 14" × 14" for **backing**
- (2) 14" × 14" Insul-Bright Insulating Thermal Lining

Note

All seams are ¼" unless otherwise noted

Cut Fabric

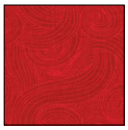

From **White**, cut:
- (1) 2½" × 2½" for **Center Square**

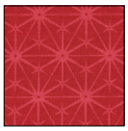

From **Red 1**, cut:
- (2) 3" × 3"
  Cut in half on the diagonal ⍁ for **Block A-1**

From **Red 2**, cut:
- (2) 3½" × 3½"
  Cut in half on the diagonal ⍁ for **Block A-2**

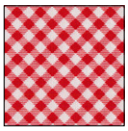

From **Red 3**, cut:
- (2) 4½" × 4½"
  Cut in half on the diagonal ⍁ for **Block B-1**

From **Red 4**, cut:
- (2) 5½" × 5½"
  Cut in half on the diagonal ⍁ for **Block B-2**

From **Red 5**, cut:
- (2) 1½" × 10½" for **top/bottom border**
- (2) 1½" × 8½" for **side border**

From **binding**, cut:
- (2) 2½" × Width of Fabric for **binding**

Assemble Hot Pad Top

Follow instructions included with Creative Grids Square on Square 8" Tool to construct (1) 8½" × 8½" block.

Sew **side border** to left and right sides of block. Sew **top/bottom border** to top and bottom of block.

Finish Hot Pad

Layer hot pad top, (2) layers of Insul-Bright thermal lining, and **backing**. Quilt as desired.

Baste around all four sides with ⅛" seam allowance to stabilize edges. Trim to be even with patchwork.

Fold **binding** in half lengthwise with wrong sides together and press. Fold ½" of one short end to the inside and press.

Open binding and, beginning with the folded end, sew with a ¼" seam for 5" then backstitch and cut thread. Fold binding wrong sides together again and continue to sew through both layers of binding, starting where you previously left off. Continue around all four sides. When you reach the beginning of the binding, trim the end to 1" past the starting point, and tuck the raw end inside the fold. Sew remaining binding in place.

Fold binding over the edge and machine sew to the back side (or hand stitch if preferred).
