Make Flying Geese units

We used the Creative Grids Ultimate Flying Geese Tool to create our flying geese units. This tool provides for oversizing the unit, then using the tool to trim accurately. If using this tool, use the marks for a Finished Size of 3" × 6" (lines labeled "F").

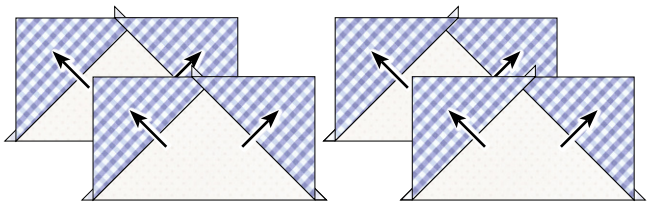

STEP 1: Draw a diagonal line on the back of all 4¼" × 4¼" squares. Place (2) 4¼" × 4¼" squares in opposite corners of (1) 7¾" × 7¾" white square, RST, and pin in place. *To reduce bulk, trim overlapping squares.* Sew ¼" along each side of the drawn line. Cut on drawn line. You will now have (2) units.

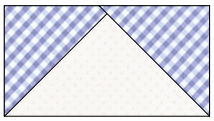

STEP 2: Place a 4¼" × 4¼" square on the corner of each unit, RST. Sew ¼" along each side of the drawn line on each unit. Cut on the drawn line.

You will now have (4) flying geese units.

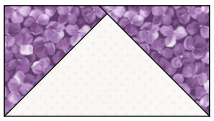

IMPORTANT: Use Creative Grids Ultimate Flying Geese Tool (or your preferred ruler) to trim each flying geese unit to 3½" × 6½".

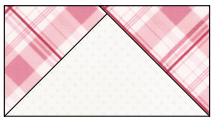

Repeat to make a total of (48) flying geese units.

Assemble Quilt

Refer to diagram *(below)*.

Sew blocks together in rows. Sew rows together. Quilt top should measure 60½" × 60½".

Sew **side inner border** to left and right sides of quilt. Sew **top/bottom inner border** to top and bottom of quilt.

Sew **side outer border** to left and right sides of quilt. Sew **top/bottom outer border** to top and bottom of quilt.

Finish Quilt

Layer quilt top, batting, and **backing**. Quilt as desired.

Sew **binding** into one continuous strip. Fold binding in half lengthwise, wrong sides together, and press. Line up raw edges of binding with the raw edge of the quilt. Sew the binding to the front side of the quilt, starting at any side. Turn the binding over and machine stitch or hand sew to the back of the quilt.
