Flower Block

Finished block size: 6½" × 6½"

STEP 1: Pre-heat a dry iron (steam OFF) on a medium heat setting.

STEP 2: Carefully peel the paper off the back of each appliqué piece.

STEP 3: Refer to Layout Diagram to place (but wait to iron) each piece on an appliqué pressing mat or pressing sheet, following the numbered sequence.

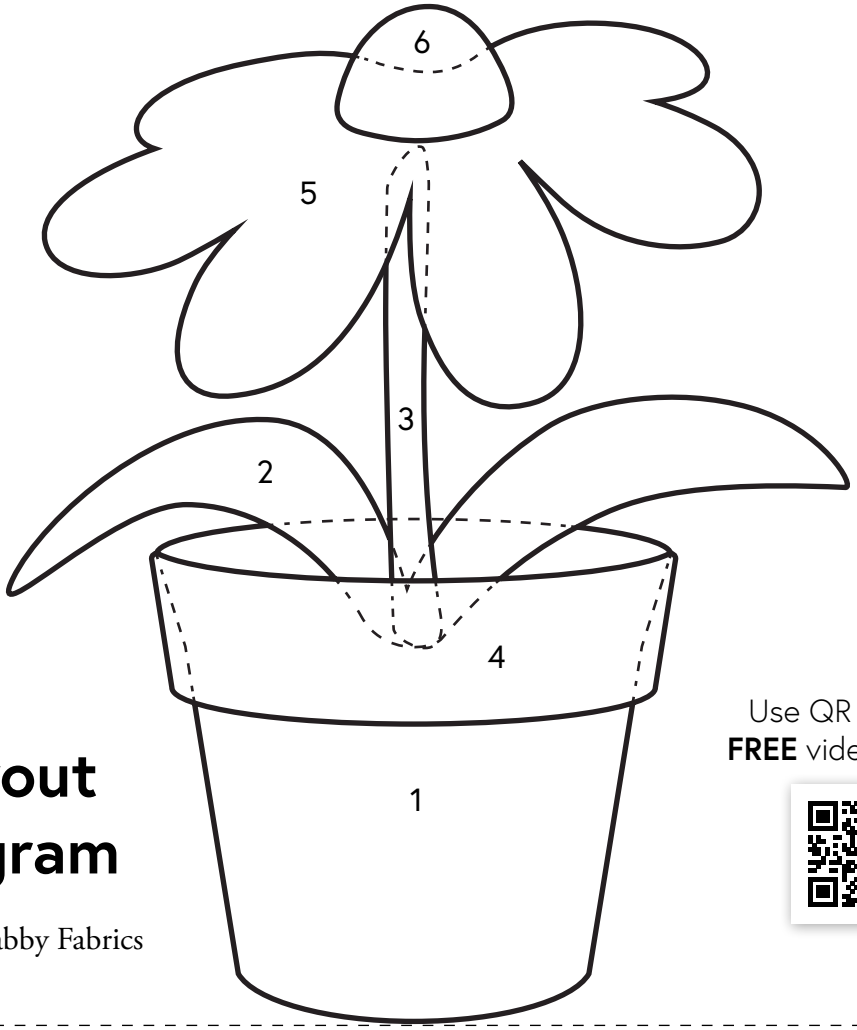

STEP 4: Iron all pieces to fuse them into a single unit, being sure to press straight down. Do not move the iron side to side. Hold in place 5-7 seconds.

STEP 5: *Be sure to let unit cool completely before carefully peeling it off the sheet.* Peel unit from sheet, and place on background fabric. Iron unit in place. If unit is not adhering to the background, additional ironing time may be necessary.

STEP 5: Using a stitch of your choice, such as a zig zag, blanket, satin, or straight stitch, sew each appliqué piece to the background.

Background fabric:
Cut to 7" × 7"

Dashed lines indicate where one piece lies behind another. Numbers indicate the order in which pieces should be placed.
